Mentor

Final evaluation

Final thoughts & feelings about your journey

This final evaluation allows for a proper assessment of how helpful and beneficial the mentorship program has been. These questions help in understanding your impressions of the mentorship experience, framework and process. They can also help to realign and readjust the framework to be better suited for future participants.

This document is confidential, but should be shared with the *Mentorship coordinator*, who will evaluate the results and take the findings under consideration in the regards to the evolution of the Stupid Studio mentorship program.

My experience

How do you feel about the way your mentoring experience unfolded over the course of the program?

Excellent Good Satisfactory Fair Poor

Can you put some words as to why you feel this way at the end of the journey?

Statement rating

Can you rate the following statements on a scale of 1 to 4?

- (4) Strongly agree
- (3) Agree
- (2) Disagree
- (1) Strongly disagree
- (-) Don't know

- I feel that my relationship with the Mentee has been positive and fruitful throughout the process.
- I feel that I was able to contribute to the career and personal growth of the Mentee.
- I feel like I was able to help the Mentee achieve their objectives and goals during our work sessions together.
- I feel that I have learned about myself throughout this mentoring process.
- I feel that the mentoring program has contributed to my own career and personal growth.
- I plan to continue mentoring and supporting others in their career.
- My overall experience with this mentorship program would lead me to recommend it to others.

If it went well...

(your ratings are mostly 4s and 3s)

What were key elements that contributed to the the mentorship going well?

What are some aspects of the experience that could have been improved?

If you struggled...

(your ratings are mostly 2s and 1s)

Why do you think the mentorship did not go as well as expected?

What are some aspects of the experience that could have been improved?

Closing thoughts
